

# The Highland

CORNERSTONE  
**TIMBERFRAMES**

The Highland is a wonderfully efficient design combining a smaller footprint with a flexible floor plan that can be adapted to a wide variety of sites. Up to five bedrooms can be accommodated on three floors. The central stair and "podium" loft provide sight lines to the entry, great room and roof truss work above.

Contact Cornerstone Timberframes today for pricing and to discuss custom variations of this design.

## MAIN FLOOR

## UPPER FLOOR
